

ABA:75828171

VMH

The image shows a coronal section of a brain, likely from a rodent, with a blue-stained region in the ventral medial hypothalamus (VMH). The brain is centered on a vertical white line, and a horizontal white line crosses the middle. The blue region is located in the lower part of the brain, symmetrically on both sides of the midline. The text 'ABA:75828171' is in the top left corner, and 'VMH' is in the bottom left corner.
