

ABA:75931470

SCN

The image displays a coronal cross-section of a brain. The left hemisphere (viewer's left) features a prominent, bright blue highlighted area, likely representing a region of interest or abnormality. The right hemisphere (viewer's right) appears mostly normal. A vertical white line divides the two hemispheres. A horizontal white line is positioned below the brain structures. The text 'ABA:75931470' is in the top left, and 'SCN' is in the bottom left.
