

ABA:76081021

MD

The image displays a blue brain scan, likely an MRI or PET scan, with a central vertical slit and a horizontal line intersecting at the center. A bright, localized spot is visible at the bottom center of the brain, indicating a specific area of interest or abnormality. The text 'ABA:76081021' is located in the top left corner, and 'MD' is in the bottom left corner.
