

ABA:77620845

OB anterior

This image shows a fluorescence microscopy scan of a brain section. Two distinct, bright blue fluorescent regions are visible, positioned symmetrically on either side of a central vertical axis. A horizontal white line and a vertical white line intersect at the center of the image, forming a crosshair that serves as a reference for the anatomical orientation. The text 'ABA:77620845' is located in the top left corner, and 'OB anterior' is in the bottom left corner.
