

ABA: 79904796

CA1

The image displays a brain scan, possibly an fMRI or PET scan, showing a cross-section of the brain. A central region is highlighted in blue, indicating areas of increased activity or metabolic rate. The brain is overlaid with a white grid, which is used for spatial reference. The text 'ABA: 79904796' is located in the top left corner, and 'CA1' is in the bottom left corner.
